关于 ITES深圳工业展 ABOUT ITES CHINA

ITES深圳国际工业制造技术及设备展览会（以下简称“ITES深圳工业展”）历经25年发展，连续14年获评“深圳品牌展”殊荣。作为中国超大工业展览会之一，展会在市工信局指导下，紧扣深圳“20+8”产业政策，着力建设高端装备产业集群展，打造从机床装备、精密制造、工业机器人到专业自动化方案、数字化应用技术方案的展示交流平台。

2025 ITES深圳工业展聚焦精密零部件生产制造，推进高端装备与智能制造的应用发展，将数字化、柔性化、定制化的零件加工解决方案和围绕装配、测试、物流、包装等自动化系列解决方案以场景化方式呈现，为电子及产品制造、新能源及汽车制造、半导体等其他行业发展增势赋能。

Shenzhen International Industrial Manufacturing Technology and Equipment Exhibition (ITES China) has experienced 25 years of development and has been honored as a "Shenzhen Brand Exhibition" for 14 consecutive years. As one of China's largest industrial exhibitions, under the guidance of the Municipal Bureau of Industry and Information Technology, it closely follows Shenzhen's "20+8" industrial policy, focusing on building a high-end equipment industry cluster exhibition. It provides a platform for showcasing machine tool equipment, precision manufacturing technologies, industrial robots, specialized automation solutions, and digital application technologies.

ITES 2025, themed "Professional Dedication and Extreme Innovation," focuses on "precision component manufacturing." The exhibition highlights high-end equipment and precision manufacturing technologies, as well as intelligent manufacturing solutions. It aims to help enterprises gain early access to cutting-edge technologies and innovative applications, while establishing strong connections with suppliers from billion-dollar industrial clusters.

展会亮点 EXHIBITION HIGHLIGHTS

120+ 新品首发
NEW PRODUCT DEBUTS

山崎马扎克、牧野机床、发那科、GF加工方案、海克斯康、北京精雕、科杰技术、百超迪能、雷赛智能、睿尔曼智能、湾测等60+工业品牌，现场展出120余款“全球/中国/华南首发”创新成果。品类涵盖工业母机、精密测量、人形机器人及柔性制造等前沿领域，为制造业智能化转型提供全新解决方案与发展动能。

Over 60 brands, including Mazak, Makino, FANUC, GF Machining Solutions, Hexagon, Beijing Jingdiao, Kejie Technology, DNE Laser, Leadshine, Realman, and Wonsor, brought more than 120 new products for the first time. The categories cover machine tools, industrial measurement, humanoid robots, automation applications, and flexible manufacturing. These innovations are designed to help enterprises overcome core process challenges and accelerate their transition to intelligent manufacturing.

26亿+ 高质量订单对接
SUPPLY-DEMAND MATCHMAKING HITS RMB 2.6 BILLION

为赋能制造业供应链优化升级，特举办电子、汽车电子、PCBA专场采购活动。富士康、GE医疗、欧姆龙、拓竹科技、长园集团等企业现场发布工业母机、PCBA外协加工、柔性制造单元等采购需求。比亚迪精密制造、大族激光、南京工艺、美智智能等核心供应商开展超150场/次精准对接。

Specialized procurement events were held to empower the optimization and upgrading of the manufacturing supply chain, focusing on electronics, automotive electronics and PCB assembly. Companies such as Foxconn, GE HealthCare, Omron, Bambu Lab, and CY Group presented on-site procurement needs, including Machine Tools, PCBA contract manufacturing, and flexible manufacturing units. Key suppliers like BYD, Han's Laser, Nanjing Technology, and Mezie Intelligent participated in over 150 targeted matchmaking sessions.

300+ 精英企业家汇聚
ENTREPRENEURS GATHERED

ITES&工创联年度品牌盛典——工创联企业家交流会汇聚逾300名高端装备、精密制造、新能源及电子智造领域产业领袖。活动期间，组委会携手钛媒体权威发布《中国供应链隐形冠军：人形机器人创新产业链榜单》，并举办“AI时代下，制造业生态变革与战略创新”主题圆桌研讨。大会通过构建产业协同矩阵，推动技术研讨与资源对接，引领产业链创新式升级。

ITES & IIA Annual Brand Ceremony -- IIA Entrepreneur Summit brought together over 300 industry leaders from the fields of high-end equipment, precision manufacturing, new energy, and intelligent electronics manufacturing. During the event, the organizing committee, in collaboration with TMTPost, an authoritative media outlet, officially released "China's Hidden Champions in the Supply Chain: Humanoid Robot Innovation Industry Chain Ranking." A themed roundtable discussion titled "Manufacturing Ecosystem Transformation and Strategic Innovation in the AI Era" was also held. By building a collaborative industrial matrix, the conference aimed to drive technical exchanges and resource matchmaking, leading the way in innovative upgrades across the industrial chain.

40+ 人形机器人供应商亮相
HUMANOID ROBOT SUPPLIERS ON DISPLAY

契合人形机器人量产元年背景下的市场需求，ITES人形机器人产业链生态展示区汇聚睿尔曼智能、帕西尼感知科技、因时机器人、领鹏智能、雷赛智能、宇立仪器、柯力传感、绿的谐波等头部企业，集中呈现相关核心部件及整机解决方案。同期举办的2025深圳人形机器人生态发展大会，聚焦于人形机器人本体技术的最新进展、上游供应链的关键技术，以及人形机器人在工业领域的多样化应用场景探索等话题。“专题展览+会议分享”的创新模式，赋能我国人形机器人产业化进程发展。

In response to market demand amid the beginning of mass production for humanoid robots, the ITES Humanoid Robot Industry Ecosystem Exhibition Area brought together leading companies such as Realman, PaXiniTech, Inspire-Robots, Lingpeng Intelligence, Leadshine, Sunrise Instruments, Keli Sensing and Leaderdrive, showcased core components and complete machine solutions for humanoid robotics. The 2025 Shenzhen Humanoid Robot Ecosystem Development Conference, held concurrently, focused on the latest advancements in humanoid robot body technologies, key technologies in the upstream supply chain, and the exploration of diverse application scenarios for humanoid robots in the industrial sector.

VISITOR REVIEW

广东长盈精密技术有限公司

重点关注机器人与机器视觉等自动化方案、检测设备、刀具夹具。现场看到五轴联动加工、激光微雕、力控系统、钣金折弯解决方案、伺服冲压、避障机器人运输车等先进技术，尤其海克斯康的外观及尺寸自动化检测方案印象最深。这些贴合产线需求的解决方案，帮助我们找到技术升级的新启发。

Guangdong Everwin Precision Technology Co., Ltd.

We focused on automation solutions and robotics, machine vision, inspection equipment, and tooling & fixtures. Practical technological solutions displayed at the scene included five-axis machining, laser micro-engraving, force control systems, sheet metal bending solutions, servo stamping, and obstacle-avoiding material handling vehicles. The Hexagon automated inspection solutions for appearance and dimensions were also impressive. The display of new technologies and processes at this exhibition was very effective, fully demonstrating the trend of future intelligent manufacturing.

深圳麦克维尔空调有限公司

展会内容非常丰富，足以代表当前工业的顶尖水准。现场我们重点关注自动化铣刀数控机床，尤其对捷甬达的设备印象颇深。此外，未来期待有更多表面处理、仓储机器人物流配送相关的内容展示。

Shenzhen McQuay Air Conditioning Co., Ltd.

The exhibition offered a wealth of content, fully representing the cutting-edge level of today's industry. On-site, we focused particularly on automated CNC milling machines and were especially impressed by the equipment from Shenzhen Joint Industrial Co., Ltd. Additionally, we look forward to seeing more displays related to surface treatment, warehouse robotics, and logistics distribution.

东风日产乘用车有限公司

本届展会的内容从零部件加工到整机方案，全场景、全环节完整覆盖！今年我们重点关注国产替代的相关内容：如高精密五轴机床、工业传感器、高精度编码器及温控系统、节能型温控设备和金属3D打印技术等。这些成果给了我们更多的技术选择空间。

Dongfeng Nissan Passenger Vehicle Company Limited

The scale of this exhibition is quite impressive. It covers all aspects of industrial production, from part machining to complete machine displays, and helps enterprises achieve intelligent transformation. It has injected strong momentum into the development of the industry and has become a key engine for promoting industrial progress. The focus at the scene was mainly on domestic substitution, with domestic products getting better and better. I saw rapid development of domestic high-precision machine tools and significant breakthroughs in domestic sensors, encoders, energy-saving and cooling equipment, as well as 3D printing technology.

弗迪电池有限公司

本届展会让我印象深刻，不仅规模庞大，更完整呈现了智能制造技术图谱。北京精雕的高精密加工机床，大幅提高了模具装模效率；AGV与自动上下料系统联动，真实还原了黑灯工厂的作业场景。期待未来借助ITES能接触更多融合AI视觉诊断、物联网远程运维的解决方案。

FinDreams Battery Co., Ltd.

This year's exhibition left a strong impression, not only for its large scale, but also for its comprehensive presentation of the intelligent manufacturing technology landscape. Beijing Jingdiao's high-precision machining equipment significantly improved mold setup efficiency. The integration of AGVs with automatic loading and unloading systems vividly recreated the operational scenes of a "lights-out" factory. I hope to discover more solutions through ITES that incorporate AI-powered visual diagnostics and IoT-based remote maintenance.

HOLOD MK俄罗斯企业

这次展会非常有价值且很有帮助，因为它吸引了众多参与者和许多中国工厂。对我们公司来说很重要，因为我们正在寻找新的中国产品。展会上有各种类型的设备可供选择，这将有助于我们公司的发展和壮大。

HOLOD MK (Russian Company)

This exhibition is very valuable and helpful because it features many attendees and numerous Chinese factories. It's important for our company as we are searching for new Chinese products. There is a wide variety of equipment types available, which will help our company improve and grow.

泰国工业联合会机械和金属加工俱乐部

此次访问的目的是探索现代工业制造技术，以提升我们自身的生产流程，并与各类制造商建立联系。在这次访问中，我亲眼目睹了中国在制造业和技术方面取得的巨大进步。如今中国产品的质量比过去有了大幅提升。展望未来，我的公司很有可能会采用中国的相关产品和技术。

Machinery and Metal Work Industry Club, the Federation of Tai Industry

The purpose of this visit is to explore modern industrial manufacturing technologies in order to enhance our own production processes and to build connections with various manufacturers. During this visit, I witnessed the significant progress China has made in manufacturing and technology. The quality of Chinese products today is much higher than in the past. Moving forward, my own company is very likely to adopt Chinese products and technologies.

Maple Steel Sdn. Bhd. 马来西亚企业

这次展会令人印象深刻，展示了众多现代且先进的机器设备。今年，FMM为活动带来了大约105位参观者。我们相信，展会上展示的机械和技术将极大地助力我们设备的转型升级。我已经从事从中国采购的工作大约30年了。在最初阶段，中国制造的产品质量参差不齐。然而，在过去的十年中，产品质量显著提升，如今在某些领域已经处于领先地位。这使得中国产品对买家极具吸引力。

Maple Steel Sdn. Bhd. (Malaysian Company)

The exhibition is truly impressive, showcasing many modern and advanced machines. This year, FMM brought around one hundred and five visitors to the event. We believe that the machinery and technology on display will greatly benefit the transformation and upgrading of our equipment. I've been purchasing from China for about 30 years, and in the beginning, the quality of Chinese-made products was somewhat inconsistent. However, over the last decade, quality has significantly improved, and it is now very high, leading in certain areas. This makes Chinese products highly attractive for buyers.

展商声音 EXHIBITOR REVIEW

北京精雕 BEIJING JINGDIAO

作为开年大展，我司展出面积与展品规模均大幅增加。今年更带来了数控系统、自动化产线、JDMGB300机床的“重磅首展”，现场举办客户签售。展出效果很好！

As the major exhibition of the year, our company has significantly increased both the exhibition area and the scale of exhibits. This year, we made a high-profile debut of our CNC systems, automated production lines, and the JDMGB300 machine tool. On-site contract signings with clients were also held. The exhibition delivered excellent results!

创世纪集团 CREATE CENTURY

携旗下台群精机、NESIS、华领智能等品牌的多款标杆机型亮相！展台人气较高，品牌获得多家媒体及商协会深入报道，对企业品牌与业绩都有较大帮助。

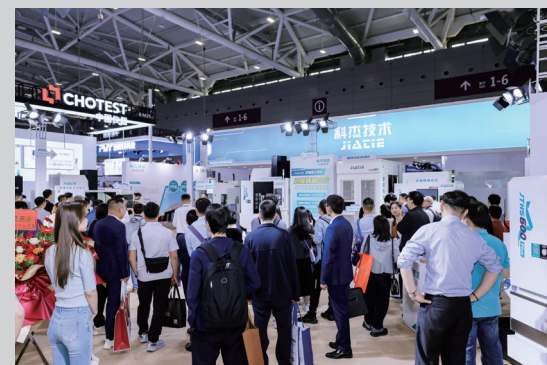

We showcased several flagship models under our brands, including Taikan Precision, NESIS, and Hualing Intelligence! The booth attracted high foot traffic, and the brands received in-depth coverage from various media outlets and industry associations, providing a significant boost to both brand visibility and business performance.

科杰技术 KEJIE TECHNOLOGY

我司现场隆重发布多款新机型，主办方积极支持，并提供多媒体营销矩阵，展出收获不少专业买家问询。此外，特别点赞主办方细致的参展服务。

We officially launched several new models at the event, receiving enthusiastic support from the organizer, who provided a comprehensive multimedia marketing matrix. Our products received numerous inquiries from professional buyers. Additionally, special thanks to the organizer for their meticulous exhibitor service.

海克斯康 HEXAGON

一年一度的春深相见，海克斯康与ITES已携手19载！今年集团董事长亲临现场，见证“慧质云生态平台”发布。展台人潮攒动，期待来年再会！

It's our annual springtime rendezvous, and Hexagon has been partnering with ITES for 19 years! This year, the group's chairman personally attended the event to witness the launch of the QaaS Quality Inspection Service Platform. Our booth was bustling with visitors, and we look forward to meeting again next year!

睿尔曼智能 REALMAN

我们非常荣幸参加本届展会！此次参展体验远超预期，无论是展会规模、观众质量、主办方的参展服务，都展现了极高的专业度。帮助我们大大减轻参展压力，更能专注于买家资源对接。

We are truly honored to participate in this exhibition! The experience exceeded our expectations in every aspect -- the scale of the event, the quality of the attendees, and the organizer's professional exhibitor services all stood out. Their support greatly eased the pressure of exhibiting, allowing us to focus more on connecting with potential buyers.

因时机器人 INSPIRE-ROBOTS

作为华南地区极具影响力的专业级展会，ITES 深圳工业展一直是我们展示新技术新产品的优选。因时机器人是连续多年参展ITES的老朋友，今年带着仿人五指灵巧手全系列产品亮相，向全世界展示中国智造实力。

As a highly influential professional exhibition in South China, ITES has always been our preferred platform for showcasing new technologies and products. As a long-time participant in ITES, Inspire-Robots unveiled our full range of humanoid five-finger dexterous hands this year, demonstrating the strength of China's intelligent manufacturing to the world.

瑞铁机床 DERATECH

广东及华南是高新技术的前沿阵地，也是瑞铁重点关注的战略区域。ITES深圳工业展在华南乃至全国都具有极高的品牌影响力，因此瑞铁十多年来一直参加ITES深圳工业展。

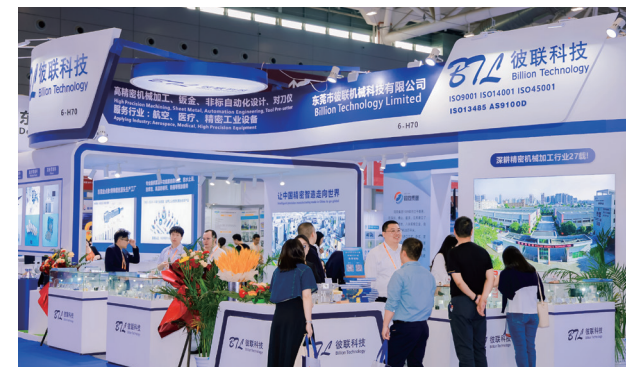

Guangdong and South China are frontiers of high-tech development and represent strategic focus areas for Deratech. With its strong brand influence in South China and across the country, ITES has been an important platform for us. That's why Deratech has been participating in ITES for over a decade.

彼联科技 BILLION TECHNOLOGY

本届展会亮点纷呈，潜在的欧洲买家显著增加，为我们拓展了更多市场合作机遇。展会日程规划更趋合理，彰显主办方对参展商需求的悉心考量。

This exhibition stood out with numerous highlights, including a significant rise in potential European buyers, which opened up greater opportunities for market collaboration. The event schedule was well-structured and thoughtfully planned, showcasing the organizer's attentiveness to exhibitor needs.

Humanoid Robotics Industry Chain Ecological Exhibition Area

ITES深圳工业展打造创新专题：睿尔曼智能、帕西尼感知科技、因时机器人、领鹏、雷赛智能、柯力传感、绿的谐波等40+家龙头企业齐聚，通过零部件研发与整机组装的垂直联动展示，为行业突破量产工艺瓶颈提供技术验证平台。

An innovative special feature created by ITES: Over 40 leading companies, including Realman, PaXiniTech, Inspire-Robots, Lingpeng, Leadshine, Keli Sensing, and Leaderdrive, gathered together. By demonstrating the seamless integration of component development and complete machine assembly, it offers a technical verification platform to help the industry overcome bottlenecks in mass production processes.

深圳医疗器械供应链生态展

Shenzhen Med Supply Chain Ecology Exhibition

由深圳市医药和医疗器械产业办公室指导，深圳市医疗器械行业协会、国家高端医疗器械集群主办，全国40余家医疗器械行业协会协办的专题展览。以20000平方米规模汇聚208家产业链企业，通过核心部件研发、CDMO智造、注塑成型等九大板块，全面覆盖医疗器械产业源头创新、研发设计、制造生产直至产品上市全链条所需的核心要素。推动医疗器械供应链安全、稳定、高效、高质量发展，为医疗器械企业提供了优质供应链方案，为供应链企业创造机遇。

A specialized exhibition, supported by the Shenzhen Pharmaceutical and Medical Device Industry Office, was organized by the Shenzhen Association of Medical Devices and the National High-end Medical Devices Cluster, and co-organized by over 40 medical device industry associations nationwide. Covering an area of 20,000 square meters, the exhibition brings together 208 enterprises across the medical device industry chain. Through nine major sections—including core component R&D, CDMO intelligent manufacturing, and injection molding—it comprehensively showcases the key elements required across the entire lifecycle of medical devices, from original innovation and R&D design to manufacturing and market launch. The event promotes a secure, stable, efficient, and high-quality medical device supply chain, providing high-value supply chain solutions for medical device companies and creating new opportunities for supply chain enterprises.

日本精密加工主题展区

Japan Precision Machining Theme Exhibition Area

ITES深圳工业展联合FNA工场网引进三井东洋、清田齿轮、富山技研、奥美工业等30多家日系精密制造企业，展示金属切削、冲压加工等先进工艺产品，促进中国与日本超精密加工领域的深度交流。

In partnership with FNA, ITES has gained over 30 Japanese precision manufacturing companies to join this area, including Mitsui Toyo, Dongguan Kiyota Precision, Tomiyama, and OB Kogyo. Featuring advanced technologies such as metal cutting and stamping, the exhibition serves as a platform for deepening collaboration between China and Japan in the field of ultra-precision machining.

钣金信息化数字化展示区

Sheet Metal Information and Digitalization Exhibition Area

ITES深圳工业展与固美特共建的钣金智造示范专题，通过钣金加工信息化、精益化、数字化的技术及软件系统解决方案展示，助力钣金加工企业进一步实现降本提质增效。

Co-hosted by ITES and Goodmate, the Sheet Metal Intelligent Manufacturing Showcase features innovative technological and software solutions focused on informatization, lean production, and digital transformation in sheet metal processing. The initiative supports sheet metal enterprises in reducing costs, improving quality, and boosting operational efficiency.

EIMS深圳国际电子智能制造展

Shenzhen Electronics Intelligent Manufacturing Show

专注于电子产品成品生产和制造采购，涵盖PCBA、电子元器件、电子组装生产设备等领域，重点展示电子制造供应链的一站式解决方案。

Focused on the production and manufacturing procurement of finished electronic products, the show covers areas such as PCBA, electronic components, and electronic assembly production equipment, highlighting comprehensive one-stop solutions for the electronic manufacturing supply chain.

智能焊接应用展示区

Smart Welding Application Exhibition Area

由ITES深圳工业展联合广东省焊接行业协会、珠海市焊接协会打造，瑞凌、三乔、鑫全利、麦格威等品牌企业针对新能源、汽车、机械制造等行业的焊接难题，展示焊接自动化、智能化方案，助力焊接应用技术突破。

Jointly organized by ITES, the Guangdong Welding Industry Association, and the Zhuhai Welding Association, this showcase features leading brands such as RILAND, San Qiao, XQL LASER, and Mecaweld. Focusing on welding challenges in industries such as new energy, automotive, and machinery manufacturing, the exhibition presents advanced solutions in welding automation and intelligent technologies, driving breakthroughs in welding application techniques.

工业数智化服务产品及应用案例展 Industrial Intelligentization Services Products and Application Cases Exhibition

由ITES深圳工业展与深圳市软件行业协会携手打造，美云智数、能科科技、泊松软件、新迪数字等企业围绕智能制造、工业互联网、大数据、人工智能等前沿技术，呈现工业互联网平台与AI应用的落地实效。

Co-created by ITES and the Shenzhen Software Industry Association, the exhibition area features companies like Midea Cloud, Nancal Technology, Poisson Software, and Newdim, highlighting the real-world applications of industrial internet platforms and AI in smart manufacturing, big data, and AI technologies.

工业技术创新联盟 (工创联) INDUSTRIAL INNOVATION ALLIANCE (IIA)

依托于ITES深圳工业展26年来累积的展览基座及平台资源，工创联于2020年由ITES创始人正式发起。工创联是工业交流活动的组织机构，致力于为制造业从业者提供专业技术交流的平台。全年通过链接制造产业链资源，组织创新供需考察活动、创新工业制造技术活动、创新市场推广活动，与市场形成高效互动。

Relying on the exhibition base and platform resources accumulated over 26 years by the ITES, the Industrial Innovation Alliance (hereinafter referred to as "IIA") was officially initiated by the founder of ITES in 2020. IIA is an organization for industrial exchange activities, committed to providing a platform for professional technical exchanges for manufacturing practitioners. Throughout the year, it links the manufacturing industry chain resources to organize innovative supply and demand investigation activities, innovative industrial manufacturing technology activities, and innovative market promotion activities, forming efficient interactions with the market.
